

A 14x14 grid representing a 2D coordinate system. The x-axis and y-axis are both labeled from 1 to 14. The grid is divided into three regions: a blue region on the left (x=1 to 5, y=1 to 14), an orange region on the right (x=8 to 14, y=1 to 14), and a white region in the center (x=6 to 7, y=1 to 14). There are also some orange cells in the top-left and bottom-right corners.
