

A 14x14 grid representing a 2D environment. The grid is divided into three regions: a blue region (top-left), an orange region (middle-right), and a white region (bottom-left). The blue region is a solid block of 14x9 cells. The orange region is a solid block of 14x5 cells. The white region is a solid block of 14x4 cells. The grid is labeled with numbers 1 to 14 on both the x and y axes.
